Looking for Adults with Dyslexia

- Are you an adult with dyslexia/learning disability or suspect that you have dyslexia?
- Do you want to help others understand how dyslexia affects a person's life, not just reading?
- If so and if you are 24 years of age or older, please get involved in a study hosted by the East Carolina University School of Social Work.
- You won't have to go anywhere to participate in the study. We will send you the information straight to your address and you complete the activity at home.
- The study will focus on how dyslexia impacts not just academics but the emotional, behavioral and social lives of adults who are dyslexic.
- For more information about the study, please contact Dr. Blace Nalavany at 252-737-2053 (e-mail nalavanyb@ecu.edu) or Dr. Lena Carawan at 252-328-4381 (e-mail carawanl@ecu.edu).
